

# Windows Mobile®

Experience the familiar Microsoft® environment on your phone.

## Windows Mobile®: The complete remote office solution

### Complete Office and Email Synchronisation

With no need for an additional server\*, Windows Mobile synchronises effortlessly and efficiently with company systems that allows users to instantly send and receive personal and company emails, check calendar, tasks and contacts. What's more, Windows Mobile can synchronise with company systems such as CRM.

### Edit Microsoft® Word, Excel and PowerPoint documents

Windows Mobile allows users to uniquely edit popular Microsoft documents as they would on a PC. Including Microsoft Word, Excel, PowerPoint and Outlook, users can work anytime, anywhere without the need for bulky laptops.

### Familiar Microsoft Environment

An extension of office PC systems, Windows Mobile provides all the familiarity and benefits of using a Windows PC meaning there's no need for training – users can jump straight in!

### Compatible with thousands of Applications

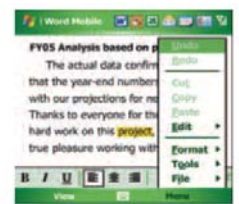

Customisable and highly scalable, Windows Mobile can work with over 18,000 applications including CRM, Siebel and SAP.

### Return on Investment

The average time wasted without a Mobile Email solution such as Windows Mobile is as much as 31 hours a month according to Vodafone Research.

> Outlook

> Word

> Excel

> PowerPoint

## Data Tariffs

Windows Mobile is simple to activate - just add a Data Bundle to a Vodafone Voice tariff. There are two sizes available – 500MB and 5GB fair usage a month\*.

	Standard 500MB	High 5GB
	<ul style="list-style-type: none"> <li>&gt; Send/receive 500 emails</li> <li>&gt; Web browse for 30 hours</li> <li>&gt; Download 50 docs/pres/s/sheets</li> </ul>	<ul style="list-style-type: none"> <li>&gt; Equivalent of 5,120 MB</li> <li>&gt; Ideal for video streaming</li> <li>&gt; Ideal for web applications</li> </ul>
<b>Windows Mobile</b>	£5.00	£17.50
